Quality Policy Statement

At Dzine Signs Ltd, our Quality Vision is: ***“To produce quality products and services and ‘do what we say we are going to do’ as a company, across the entire organisation.***

We believe that:

- A quality system can be achieved through sufficient processes and resources, cost effective solutions and continuous evolution.
- Work and services can be delivered in full, on time and in specification to agreed customer requirements.

To achieve this we will:

- Ensure effective communication practices and strong working relationships are established and maintained with our customers.
- Set measurable objectives and targets which are reviewed annually through internal auditing and performance review processes to ensure the overall effectiveness of the quality management system.
- Assign designated responsibilities to ensure the effective running of the quality management system.
- Ensure adequate resources are available to support the function of the quality management system, continuously improve the effectiveness of the system and enhance customer satisfaction.
- Continuously review and evaluate to ensure new technology and innovations are utilised where possible to meet and exceed customer expectations and standards.
- Have competent staff with the skills and knowledge required to provide our customers with the best people for the job.
- Comply with all relevant legal, regulatory or any other relevant requirements and amendments.
